

The Daily Astorian.

ASTORIA, OREGON:

FRIDAY.....APRIL 6, 1883

-T. S. Jewett gives notice concerning internal revenue licenses.

-The land grant of the O. & C. R. Co., extends to the California line

-The Garnock came down yesterday evening, and will probably cross out to-day.

-The county court audited some bills, and adjourned yesterday to the first Monday in May.

-The Portland city council has fixed the amount to be charged for liquor license in that city at \$500 per annum.

-Regular meeting of the Y. M. C. A., at their rooms at half-past seven this evening. A full attendance is requested.

-A fire alarm at the lower end of Main street, at six o'clock yesterday evening brought out the department. No damage.

-The officers of the projected Seattle & Gray's Harbor R. R. Co., are considering the question of a branch line to Baker's bay.

-E. C. Holden advertises his regular Saturday auction sale to-morrow morning. This time it is a bankrupt stock of clothing.

-A new steamer called *Lucia Mason* has just been completed on Lewis river, W. T., to handle the expanding trade of that fertile region.

-The Ilwaco Steam Navigation company's steamer *Gen. Miles*, Capt. Whitcomb commander, leaves at 6 this morning for Gray's harbor.

-Reports come from California that great preparations are being made for work this side of Redding, and soon several thousand men will be laboring there.

-In 1882 Washington produced 8,192 bales of hops weighing 180 pounds each, and Oregon 3,791 bales. This yield will probably be double the present year.

-According to the Walla Walla Democrat, Mrs. Margaret McGeary, during the past month, filed her declaration of intention of becoming a citizen of the United States.

-The Walla Walla put 300 tons of coal in the O. R. & N. Co's new bunker yesterday. The company advertises its rates which are a considerable modification on former prices.

-Officers of the Yaquina Bay railroad state that six thousand tons of steel rails and two locomotives are at San Francisco awaiting transportation, and that active work will soon be begun.

-One hundred and twenty-five thousand feet of lumber is daily cut by Clatsop county saw mills and yet there is no chance for getting lumber for building unless by waiting, such is the demand.

-A prominent boat builder estimates that there are 300 new boats built in Astoria this season. At \$210 apiece, this one item represents a good deal that is paid out here in town to Astoria mechanics.

-The Oregon arrives in to-day from San Francisco, with passengers and freight for Astoria. The Queen sails from here to-day. The State of California leaves S. F. to-day and is due here Sunday morning.

-In the police court yesterday four plain drunks put up the usual admission fee, and Chas. Herbert, for the crime of kicking a man in the face and otherwise demonstrating his brutality, was cinched \$100 worth.

-Mr. Jas. O. Spencer, of Clifton, informs us that yesterday morning a Greek fisherman named Peter George, slipped overboard while working on his scow at that place and was drowned. The body has not been recovered yet.

-Whatever corner you go to in the city, (or if you prefer take your stand in the middle of the block, should there be a vacant lot) and you will find that some one is building or getting ready to build. The worst of it is that the houses are all rented before the roof is on.

-Bishop Owens has bought 144 acres on the weather beach from L. A. Loomis. It is the intention to have a conference and camp meeting there this season, and make it a permanent feature every summer hereafter. Buildings will be erected and accommodations provided for those who attend.

-Several ladies connected with the various churches of the city convened in the Y. M. C. A. hall yesterday afternoon and resolved upon giving some kind of a public entertainment at Liberty Hall on next Tuesday evening, proceeds to be devoted to the payment of a debt incurred by the association in procuring new chairs, for the hall. The programme for the occasion has not yet been decided on, but is in the hands of those who are thoroughly competent to arrange an entertainment which will be sure to give pleasure to all who may attend.

-Fishermen's Boatloads by the hundreds, low down, at Carl Adler's. Special reduction to cannerymen.

The Occidental.

Last evening Occidental hall was thrown open for the first time, and despite the fact that the delay in procuring seats and scenery occasioned a good deal of trouble yet the auditorium presented a creditable appearance. The building is spacious and the voices of the performers on the stage have plenty of room for resonance in the rafters above. The scenery is pretty and was warmly praised. The stage was set last evening with a parlor scene. The minstrels were greeted with a good house and gave a fair performance, which will be repeated this evening with an alleged change of programme.

Death of a Pioneer.

A Victoria B. C. dispatch says John Muir, one of the earliest pioneers of that country, died on the 3rd inst., at Sooke. He went there in 1819, and for many years was an employe of the Hudson Bay company. He opened the first coal mine in the country and was in many ways a remarkable man. He was a native of Ayer, Scotland, aged 84 years, and leaves behind him grand and great grand-children. Mrs. Dr. Trenchard, and old and respected resident of Astoria, is a daughter of the venerable gentleman who was here when this was a wilderness years and years ago.

New Arrangement.

We are authentically informed that the Wide West goes on the route between here and Portland, commencing to-morrow morning. She leaves Portland at five o'clock, calculates to arrive here at noon; and leaving here at one p. m. to get back to Portland at nine o'clock. She will run on Sundays, laying off Mondays, and will stop only at St. Helens, Kalama, Oak Point, Cathlamet and Brookfield.

Motel Arrivals.

OCCEIDENT.  
J. Anderson, Ft. Canby; J. Esmond, Montezuma; J. G. McBride, S. F.; Mrs. Irving, Mrs. Kent, Cathlamet; J. M. Pike, J. F. L. P. Slack, Oysterville; J. P. Howe, A. Scott, L. Bodecker, C. Ross, Jubilee Minstrels; A. Stephenson, Portland; W. V. Johnson, Roseburg; T. Hutchings, Knappton; W. W. Wherry, Clatsop; T. H. Foss, John Days; J. P. Howe, M. A. Scott, W. Moss, Jubilee Minstrels; A. T. Laurie, R. Trescott, Anoka; G. T. Myers, Fisherton; E. Dawson, S. F.; Mrs. A. Knapp & Daughter, J. W. Crow, Knappa; W. H. Darland, Clatsop; S. C. Berner, Westport.

PARKER HOUSE.

T. F. Niel, W. Davis, C. Berke, J. H. DeForce, City; N. Raymond, C. Raymond, Astoria; H. C. Hall, J. Trundland, S. F.; W. Reinhardt, W. A. Thompson, F. S. Ingalls, Mrs. Douglas, P. Moller, H. A. Spayth, Portland; S. D. Potts, Vancouver; F. Findlay wife & child, Ft. Stevens; H. C. Abrams, C. C. Martin, Findlay; W. V. Johnson, Roseburg; P. Jennini & wife, Cathlamet; Q. Perating, Bourbon, Ind.; C. B. Neyer, Texas; J. S. Courtney, Knappton; F. W. Smith, Deep River; Kentucky Jubilee Troupe.

-By agreement of all the mill men on the Sound a uniform schedule of retail rates for lumber has been adopted; the charge per thousand feet being the same at Tacoma, there, Port Townsend, Utsalady or wherever else the buyer gives his order. Prices range from \$12.50 to \$15, \$16, \$18 and \$20, according to quality.

-The Shoalwater Bay Transportation company will soon begin a new steamer to ply on the waters of Gray's harbor and the Chehalis. It will be a stern wheeler, will be built at Astoria, will cost about \$10,000, and will be begun about the 1st prox. The increasing business of this company calls for additional facilities, and this is meant to supply present needs.

-Commencing on the 14th inst. the Shoalwater Bay Transportation company's steamers will carry mail to Montesano and Olympia once a week, taking on extra Saturday mail. The mail and passengers that leave Astoria by this route get to Montesano the following day, and go through to Olympia in sixty hours. This line helps Astoria, and Astorians should throw all their influence in its favor.

-The military telegraph line between here and Fort Stevens will soon be in working order, when instantaneous communication may be had relative to that water front property bonded in that vicinity. J. N. Griffin, will be the Astoria operator he has a nicely fitted up office in the Pythian building. Jas. McDonagh will be the operator at Fort Stevens. A branch line runs to Clatsop, and will be in charge of a son of Judge McGuire.

-The Grant County News advises people not to undertake farming in that region, because, as it sarcastically remarks, it is claimed that there is no market, and that hay will only bring \$20 per ton, and wheat \$2 per bushel, oats and barley 35 cts. per pound, hams and bacon 25 and 23 cts. (much of which is brought from California "because there is no market"), butter from 50 to 62 1/2 cts., cheese 25 cts. and vegetables 2 cts. Verily the farmer must starve, and the thousands of fertile acres the government is willing to give away remain with their virgin soil untended.

-Cannerymen will do well to examine Carl Adler's full stock of books and stationery. Every thing you need you will find there at lowest prices.

Plenty of Room.

On the last steamer came the usual installment of inquiring letters from people living in the eastern and Mississippi valley states, but who contemplate coming out here. Some of them, from the way they write would do well, others would not. One young man who writes from West Virginia says he wants to make a home and amount to something. Another in Jacksonville, Ill., wants to know what clerk's wages are. For the first kind there is plenty of room; the man who wants to come out here and drop into a soft job had better stay where he is. A man who comes here to work and make a home will find plenty to do, if he be not fastidious, and show a willingness to pitch in, but he mustn't be afraid of getting his hands dirty; he can go as cook to a logging camp and get \$50 a month and his grub, or if he can stand the work, as a chopper at \$80 or \$90 a month, or if he has the knowledge, as a teamster at \$100 or \$125 a month. He can develop his chest and appetite and by keeping a sharp lookout can get 160 acres of timber land for \$450 or \$500 that will be worth \$20,000 in three years' time. If he be a mechanic he will have no difficulty in getting plenty of work in the first town he strikes. Astoria can furnish employment to-day to every one here and plenty more who are willing to earn money and buy what they need with it. If the young man from West Virginia is single, we should advise him to get his traps together and start at once. If he is married, or has anyone depending on him for support, let him go slow, and not think of coming to Oregon unless he has some ready money to support him for some time after getting here. If he has nothing but his labor to sell he will find a ready market, but should be able to look around a little, if he has money to invest, no section offers superior inducements than the northwest of '83. But after all, it depends upon himself. Wherever he goes he will take himself along; if he is willing and persistent, if he wants to work and doesn't get tired too soon, he will do well and make money; if he is temperate and saving he will accumulate coin, and we will elect him Mayor or Councilman in 1888, and if he has any special gift or talent whether of nature or education he can use it to good advantage, and amount to something out here. But if he lives by his wits he must have sharp tools and even then will be likely to run against the police force.

There is room for the young man from West Virginia unless he be one of the kind who thinks the world owes him a living. If that be his motto let him get the community where he now is to cancel the debt.

Young and middle-aged men, suffering from nervous debility and kindred affections, as loss of memory and hypochondria, should procure three stamps for Part VII of World's Dispensary Dime Series of pamphlets. Address WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo N. Y.

Success.

The sale of Syrup of Figs is simply immense. Everyone is taking it and all admit that it is the best medicine ever used. Children cry for it on account of its pleasant taste, and grown up people who have used it once never take anything else. Unlike other remedies for biliousness and constipation it never loses its power to act, and it always leaves the organs on which it acts stronger than before. Besides one feels fresh and bright and realizes that it is Nature's own true laxative. W. E. Dement & Co., agents for Astoria.

Notice.

-Dinner at JEFF'S Variety Chop House every day at 5 o'clock. The best 25 cent meal in town; seven kinds of meats, vegetables, pie, pudding, etc. A glass of S. F. Beer, French Claret, tea or coffee included. All who have tried him say Jeff is the "BOSS."

New Rich Blood.

The use of Oregon Blood Purifier.

Frank Fabre's Oyster and Chop House.  
Those wishing a nice plate of Eastern or Shoalwater bay oysters cooked in any style, or an early breakfast before going aboard the boat, should call and see him. Fresh Eastern and Shoalwater bay oysters received by every steamer.

-Call at the Occident Store and inspect McIntosh's stock of spring suits.

If not! Why not! Use the Great OREGON BLOOD PURIFIER, an appetizer, liver-regulator, and a sure cure for your impure blood. It makes the eyes bright and sparkling; the brain clear; the cheeks plump and rosy; the breath pure and sweet, and good circulation promotes vigor to the whole system. Ask your druggist for it. Price \$1.00.

-Cold boiled ham, brown bread and Boston baked beans at "Jeff's" Variety Chop House every night - near Stephens Theatre - sign of the red and green light. Open all night.

-Furnished rooms to rent at Mrs. P. J. Goodman's, corner Concomly and Madison streets.

-Two splendid front rooms, suitable for gentlemen only, or for office use. Apply to Alex. Campbell at Gem Saloon.
